

# 100 Days of School

This year the 100<sup>th</sup> day of school falls on Thursday, FEBURARY 11th. We have been counting the days until this big one. We would like to commemorate it with some special activities. The entire day will be dedicated to counting and celebrating the 100th day. We are going to have an ice cream party in the cafeteria that day along with making hats and counting various items. It should be fun! No supplies are needed for this event.

Homework Due Monday, February 8th

1. Each child needs to create a collection of 100 small (all the same) objects that fit in a small plastic baggie. We will have been talking about this in class so your child should be able to do most of this by him/herself. The most important thing is that he/she counts all 100 items and make certain it is accurate. We will display the collections in the classroom and then on the 100<sup>th</sup> day of school we will use them for special math activities.

SOME SUGGESTION: (You can think of many others.)

## NON-EDIBLE

Toothpicks

rubber bands

Q-tips

Screws

buttons

pennies

Playing cards

baseball cards

dried beans

## EDIBLE

Cereal

popcorn seeds

skittles

Smarties

goldfish crackers

choc. Chips

We will be doing many physical activities involving 100, such as, 100 hops, jumps, claps, etc. We will read special 100<sup>th</sup> day of school stories. Sounds like a fun day for all! Thanks for helping to make this activity successful by making certain your child is prepared for February 11th.

Sincerely,  
Kindergarten Team
